Welcome to our practice. Thank you for taking the time to read this informational letter. Enclosed are several forms to be completed prior to your first appointment.

We appreciate you completing our new patient forms prior to your appointment. Any questions you have regarding these forms and/or our office policies should be brought to our attention as soon as possible and certainly prior to treatment. A photograph will be taken of you for your personal health information file.

Please bring the following documents with you to your first appointment:

- ❖ Patient Registration
- ❖ Medical History
- ❖ Office Policies
- ❖ List of Medications - physician prescribed, over the counter, herbal compounds, etc.
- ❖ Names and phone numbers of all currently treating physicians

If you are unable to keep your personal appointment time, please provide our office with 48 hours notice; if not, we reserve the right to charge for the time reserved. We understand that your time is valuable, as is our own. We do our best to keep on schedule. Therefore, we ask that you arrive 15 minutes prior to your scheduled appointment time to allow us to prepare your file and answer all of your questions. Initial appointments with the doctor are one hour.

A custodial parent or legal guardian must accompany minors for all visits.

We look forward to meeting and working with you on your path to dental health and wellness. If we can answer any questions prior to your appointment, do not hesitate to contact our office.
